

The New Forest Film Archive Project

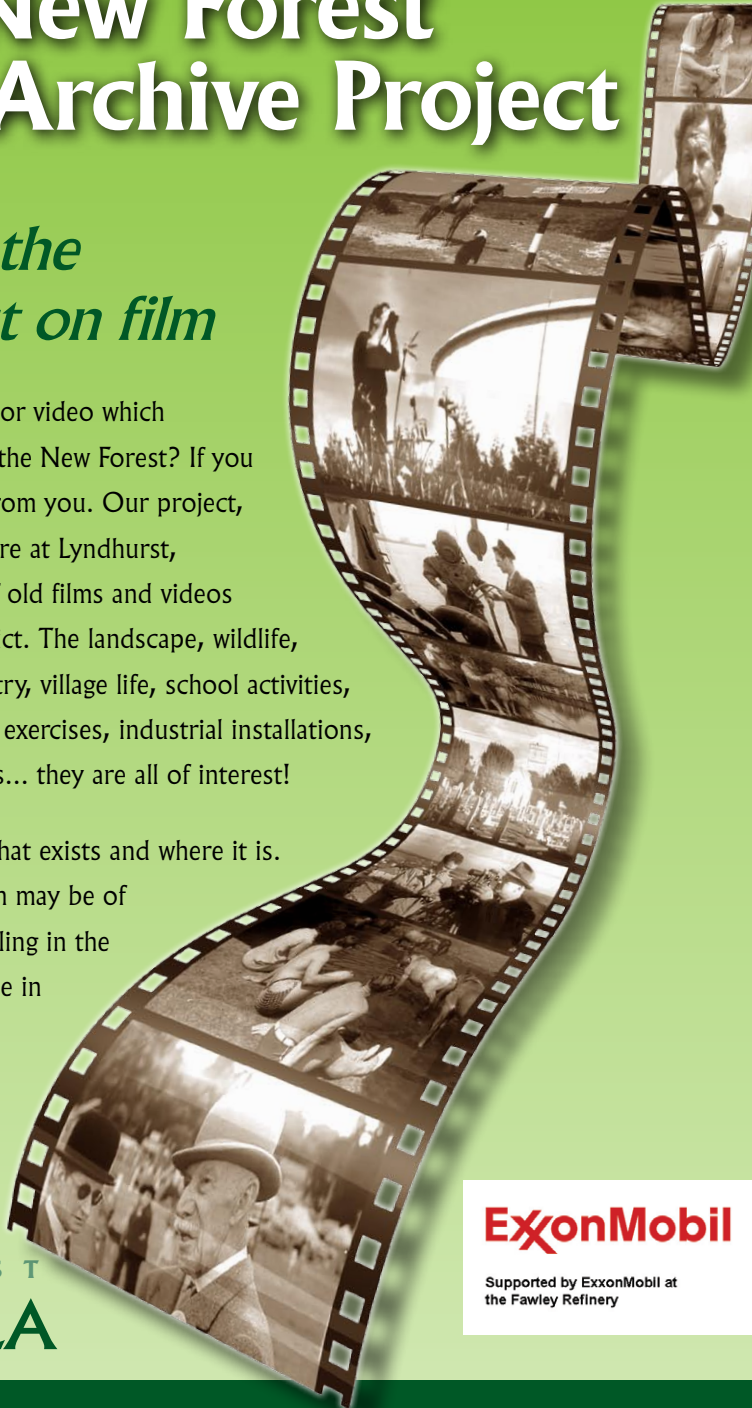

Celebrating the New Forest on film

Do you have some old film or video which records an aspect of life in the New Forest? If you do, we would like to hear from you. Our project, led by the New Forest Centre at Lyndhurst, aims to create an archive of old films and videos about the New Forest District. The landscape, wildlife, commoning, farming, forestry, village life, school activities, camping, carnivals, military exercises, industrial installations, railways, sporting occasions... they are all of interest!

First, we need to identify what exists and where it is. If you have something which may be of interest, please tell us by filling in the form on the back. We will be in touch in due course. Thank you.
